

HEMEROCALLIS LIST FOR 1957

Mrs. W. H. Harrell,
Mocking Bird Hill,
Box 261,
Lake Mary, Florida.

1957 INTRODUCTIONS

MILES STANDISH (Harrell, Mrs. W. H.) Ev. EM (4¹) A large sturdy long-blooming individual flower of blended violet-mulberry. The throat and midribs of petals are medium yellow. The wide petals twist and flare outward in precisely the same manner and remain wide open forming a triangle with the sepals completely recurved. A long recurrent bloomer. Stands hot southern sun. Many scapes and blooms daily.
----- Price, \$2.50 Net.

VIOLET CHARM (Harrell, Mrs. W. H.) Ev. E. Re. (2¹/₂¹) A distinctive, wide-petaled near violet colored flower, lightly recurved. The light green cream throat extends into the midribs on the petals in a definite pattern. The same color is blended dimly through the center of the sepals. A blueish orchid sheen is more pronounced in sunshine. Bloom opens in the evening and remains open until late afternoon of the next day. Very fragrant. The color is near R.V.4-5 red violet on the Fischer Color Chart. ----- Price, \$15.00 Net

WINSTON (Harrell, Mrs. W. H.) Ev. EM L Re (2¹/₂¹) A wide open rich, cardinal red flower with a bright gold heart, luminous all day in sunshine or light shade. From the back and afar off it appears as a red and gold bicolor. Numerous upright scapes have flower clusters daily. Repeats several times. A fast multiplier.
----- Price, \$5.00 Net.

GENERAL LIST

(*) indicates varieties that are not for sale until fall, or spring of 1958.
Minimum order \$5, please. All orders postpaid. 20% discount allowed on orders over \$15, except on items marked Net. All varieties guaranteed true to name. Visitors are welcome to observe any varieties for sale or growing in my garden.
